RE: Press Notice regarding Smith Mountain Lake Fireworks (This Is Not A Press Release)

The annual fireworks display at Smith Mountain Lake has been organized by the Saunders Volunteer Fire Co since 2001 and hosted by Parkway Marina since 1991. Please note that we are in the planning stages of this year's event. As such, many details are not yet confirmed. We will release details about the event as soon as possible, but only once confirmed.

We respectfully request that you do not publish any information regarding the event except that information provided by the SVFC or Parkway Marina and information published on our event website, SMLFireworks.org.

As has been the case in the past, *information from any other source may not be accurate*. If you received this notice, you will receive our press releases also. If you would like to confirm the accuracy of any information you receive, please contact James Clayton of Parkway Marina at (540) 297-4412.

As of the date of this notice, the planning committee has not authorized the release of any information, except that we are actively working to secure major sponsors. Many of the event details are contingent upon the securing of these sponsors.

Thank You for your understanding in this matter.
